IRVINE CITY COUNCIL (949) 724-6233

Beth Krom, Mayor

Mayor Beth Krom was first elected to the Irvine City Council in 2000 and was re-elected in 2002. In 2004, she won her first term as Mayor of Irvine and in 2006 she was re-elected with nearly 60% of the vote — the highest margin of victory for any Irvine Mayor running in a contested race.

A resident of Irvine since 1985, Mayor Krom has brought her experience as a teacher, a business owner, a community volunteer and a mother to her work on the Irvine City Council. It was the fight to defeat the El Toro Airport plan that motivated Beth Krom to run for City Council. An advocate for preserving “quality of life” in the City of Irvine, Beth Krom worked side-by-side with then Mayor Larry Agran to draft and pass Measure W — the countywide initiative that killed the El Toro Airport plan once and for all.

As a City Councilmember, Beth Krom worked to advance the plan for the Orange County Great Park. Just following her election as Mayor in 2004, the auction of the El Toro Base was successfully concluded with Lennar Corporation the winning bidder. It was Mayor Krom who had the honor of signing the development agreement with Lennar on behalf of the City of Irvine. Through that agreement, 1,347 acres of public land (about twice the size of New York’s Central Park) and nearly \$400 million in Developer Fees and Assessment District funds were committed by Lennar to support the development of the Orange County Great Park — the first great metropolitan park of the 21st century.

An advocate for balanced communities, Mayor Krom is focused on ensuring a sustainable future for the City of Irvine. Through prudent management of our City resources, Irvine now has adequate operating funds, significant reserves and an Asset Management Plan to fund long-term rehabilitation and maintenance. Among the initiatives that Mayor Krom has worked to advance are Irvine’s long-term housing strategy to ensure a full spectrum of housing opportunities in the City and the establishment of Irvine’s Community Land Trust to support the development of high quality affordable housing that will remain affordable in perpetuity.

Mayor Krom also led the effort to create a residential and commercial Greenbuilding Ordinance — the first of its kind in Orange County. And under Mayor Krom’s leadership, an enhanced traffic management program is underway to upgrade all of Irvine’s signalized intersections and move traffic more efficiently.

Mayor Krom has supported innovative partnerships, including the ZEV•net electric carshare program at the Irvine Transportation Center, the Hydrogen Hybrid Fuel Cell Vehicle partnership with Toyota and the National Fuel Cell Research Center at UCI and the national “Plug-in Partnership” to advance the development of plug-in hybrid electric vehicles. Mayor Krom is part of a national coalition of Mayors for Climate Protection which is working to ensure that what we do at a local level supports the health of our people and our planet.

In addition to her responsibilities as Mayor, Beth Krom serves on the Orange County Great Park Corporation Board, the Irvine Educational Partnership Fund Advisory Board, the board of the Discovery Science Center and represents the City of Irvine in the U.S. Conference of Mayors and the National League of Cities.

Mayor Krom and her husband Solly have three children, Abby, a Junior at Cal State Fullerton, Noah, a Sophomore at UC Santa Barbara and Hershel, a Senior at the Orange County High School for the Arts.

Larry Agran, Mayor Pro Tem

Mayor Pro Tem Larry Agran graduated Phi Beta Kappa from the University of California at Berkeley in 1966, majoring in both History and Economics. In 1969, he graduated with honors from the Harvard Law School, where he specialized in public interest law.

Mr. Agran has served as Legal Counsel to California State Senate Committee on Health and Welfare. He has taught legislation and public policy at the UCLA School of Law and at UC Irvine’s Graduate School of Management.

Larry Agran first served on the Irvine City Council from 1978 to 1990, including six years as Mayor. Under his leadership, Irvine received national recognition for its pioneering programs in child care, affordable housing, recycling and open space preservation.

As a highly respected public interest attorney and public policy expert, Mr. Agran founded and, in the 1990’s, led a number of non-profit organizations: the Local Elected Officials Project; the Center for Innovative Diplomacy; and CityVote. As the founder and volunteer chair of Project ’99, from 1994 to 1999, Mr. Agran has been especially active in working to promote creation of the Orange County Great Park at the former Marine Corps Base at El Toro.

Mr. Agran returned to service on the Irvine City Council when, on November 3, 1998, he was elected to the Council. On November 7, 2000 he was elected Mayor of Irvine with a record-high 35,000 votes, and on November 5, 2002 he was re-elected Mayor. After completing two consecutive terms as Mayor, Larry Agran was elected to a four-year term as an Irvine City Councilmember on November 2, 2004.

Since 2005, Mayor Pro Tem Agran has served as the Chairman of the nine-member Board of Directors of the Orange County Great Park Corporation. The Great Park Corporation is the entity designated by the Irvine City Council to help bring about the design, construction and operation of the Great Park, America’s first great metropolitan park of the 21st century.

Larry Agran resides in Irvine with his wife, Phyllis, who is a pediatrician. Larry and Phyllis have a son, Ken, and a three-year-old

granddaughter, Morgan Elizabeth Agran.

Sukhee Kang

Irvine City Councilmember **Sukhee Kang** was first elected to the Irvine City Council in November 2004 and was re-elected in November 2006. The first Asian-American to win two consecutive terms on the Irvine City Council, Sukhee Kang has twice earned the support of his City Council colleagues to serve as Mayor Pro Tem. With experience in business and finance, Councilmember Kang has followed through on his commitment to support balanced budgets, expand City support for local schools, work in partnership with the local business community and demonstrate the highest standards of open and inclusive government. Under his leadership, the City initiated an online Annual Citizen Survey, soliciting direct input from Irvine residents to build upon the statistical survey undertaken by the City each year.

Raised and educated in South Korea, Sukhee Kang came to the United States in 1977 after graduating from Korea University in Seoul. Sukhee built a successful career in sales and management in the retail electronics field and was distinguished as the first Asian-American promoted to senior management within the Circuit City Corporation. During his 15 year career with the company, Sukhee received numerous awards in recognition of his outstanding leadership and exemplary work ethic, including the company's highest honor— induction into the prestigious Circuit City Colonel's Club.

Sukhee built upon his business experience by opening his own independent retail establishment and offering consulting services to other businesses.

Following the LA Riots, in which many Korean businesses suffered extensive damage, Sukhee began to take a more active role in civic and community affairs. He served as Chairman of the Korean American Coalition of Orange County and the Korean American Scholarship Foundation, Western Region. After he served many years for his own Korean American communities, Sukhee decided it was time to get more civically involved in the local Irvine community.

In his first term on the City Council, Sukhee represented the City as a member of the Orange County Great Park Corporation and the Orange County Sanitation District. He led the effort to create the Irvine Educational Partnership Fund to provide additional resources to our local schools in support of enhanced health and counseling services. An advocate for expanded public access for our local open space resources, Sukhee worked with the Irvine Ranch Land Reserve to open the northern open space reserves for public hiking.

Now in his second term of office, Councilmember Kang continues to serve on the Orange County Great Park Corporation Board and now serves as Irvine's representative on the Foothill/ Eastern and San Joaquin Hills Transportation Corridor Agencies. A member of the Executive Steering Committee of the League of California Cities Orange County Division, and the Orange County Measure M Super Committee, Sukhee was recently honored with the Community Leadership Award by the Asian Pacific Islanders Heritage Council of Orange County.

Sukhee Kang
Councilmember

Councilmember Kang lives with his family in Irvine's Northpark Square neighborhood. He and his wife Joanne are proud of their son Alan, a graduate of UC San Diego now working as a research scientist with Johnson & Johnson in Irvine, and their daughter Angie, a second year law student at UC Berkeley's Boalt Hall Law School.

Dr. Steven Choi

Dr. Steven Choi was elected to the Irvine City Council for the first time on November 2, 2004. Previously, he was elected as a Trustee of the Irvine Unified School District in 1998 and was re-elected in 2002.

Dr. Choi earned his Ph.D. in Library and Information Science at the University of Pittsburgh, his Master's degree in Library Science from Louisiana State University, and his BA degree from Kyung Hee University in Seoul, Korea.

Dr. Choi came to the United States from Korea as a Peace Corps language instructor for the State Department in August 1968. He then continued his post-graduate education and resumed his teaching career, primarily in higher education. Dr. Choi has taught at several universities and colleges including USC, UCI, California State University, Los Angeles, Henderson State University in Arkansas, Saddleback College and most recently, Coastline Community College. He founded and serves as Director of Dr. Choi's Academy.

Dr. Choi's vision for the City is to maintain and improve the quality of life for its citizens by assuring responsible growth, effectively managing traffic, keeping Irvine one of America's safest cities, and providing quality education for our children, while ensuring the City's fiscal stability and economic growth. He is committed to supporting programs for children and senior citizens.

Dr. Choi values Irvine's cultural and ethnic diversity and harmony as much as he values its other wonderful assets, such as its aesthetic beauty, high standard of living, and high intellectual standards. He is eager to hear the voices of Irvine's residents and has formed his "Citizens Advisory Council," which is open to all residents.

Dr. Choi serves as a Member of the Concordia University President's Advisory Council and is Irvine's representative to Growth Management Areas 4 & 9 and the Newport Bay Watershed Executive Committee. Dr. Choi is also Chairman of the Orange County Public Library Advisory Board, which consists of Mayors and Councilmembers from 24 Orange County cities, and is Chairman of the Irvine Library Advisory Committee.
